

What Are People Saying About PRDC?

The Piedmont Regional Dental Clinic gets an 'A' in my book for outstanding service. —**Anna D., Orange, VA**

Thanks for being here for me and thanks again for all you have done for me. Great Job! —**Ric L., Culpeper, VA**

The Piedmont Regional Dental Clinic is truly a great place to send adults and children to receive quality dental care at a low cost. I refer our Madison County residents and patients on a daily basis. Thanks! —**Donna D., Madison Free Clinic**

Before PRDC I couldn't afford dental care. Now I'm able to save my teeth. Thanks, PRDC! —**Paul B., Greene, VA**

Dealing with intellectually disabled adults can be difficult, but PRDC staff have excelled at this. They provide great individual care & concern for our residents!

—**Galen Stutzman, Executive Director, Faith Mission Home, Albemarle County**

I love PRDC!! My 2 daughters and I are patients and have never felt so "taken care of" by a dentist. Linda the hygienist is the best I have ever come across. The SMILE TIME mobile unit is a greatly needed service to school age children who may "slip through the cracks" as far as dental care. They work very hard to reach these students and as an elementary school nurse I am very thankful to them!!!

—**Margie Curtis, School Nurse, Madison County**

What is PRDC?

PRDC is a non-profit dental safety net clinic serving Virginians of all economic brackets. We use a sliding scale fee system so patients with low household incomes pay much less than patients above the poverty level. We accept Medicaid, Smiles For Children (FAMIS, FAMIS Plus and FAMIS Moms) and Delta Dental insurance. PRDC will bill your insurance for you whether you are in or out of network.

To find out how much your care will cost, please contact our office in Orange at (540) 661-0008. We'll be happy to answer your questions.

PRDC is open from 8–5, Monday–Friday. Please check our Facebook page in case of inclement weather.

To see a video of our modern and light-filled Clinic on **YouTube**, search for Piedmont Regional Dental Clinic or Smiles That Sparkle. See our real facility, our real staff and our real patients on a real day.

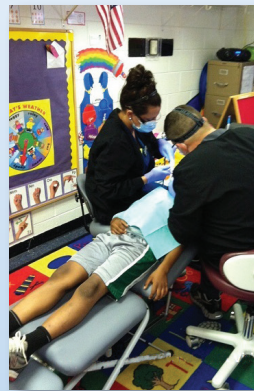

PRDC is ALWAYS welcoming new patients!

What Services Are Available at PRDC?

- Comprehensive exam by a dentist
- Safe digital x-rays
- Teeth cleaning for children and adults
- Fluoride and sealant treatments
- Extractions
- Fillings
- Root canal treatment for children and adults
- Crowns
- Analgesia (happy gas) for select patients
- Full mouth restoration under general anesthetic in a hospital (children only). We accept In Total Health insurance for this procedure.

What Programs Does PRDC Offer?

In addition to offering full service dental care, PRDC runs a number of popular programs.

Smile Time – Dental Exams at School

Patients receive an examination by a dentist, safe digital x-rays, teeth cleaning, fluoride and, if appropriate, sealants. Every patient leaves with a goodie bag containing toothbrush, toothpaste and flosser. Parents receive a comprehensive report on the health of their child's mouth and a follow-up call from

PRDC to answer any questions they may have. PRDC offers this program in more than two dozen elementary schools, Boys and Girls Clubs and residential facilities in central Virginia. There is no out-of-pocket cost for children with Smiles For Children/FAMIS or other insurance coverage.

For more information and a schedule see our website at www.vaprdc.org/Smile Time mobile unit.

Our Turn To Serve – Free Dental Care for Veterans on Veterans Day

On this special day it is our turn to serve the US Veterans who have served us so well. This popular event is highly subscribed; if you are a Veteran it is never too early to make your appointment!

Cavity Free Club

We celebrate when our child patients get a cavity free examination! They get to ring a big bell and everyone in the Clinic claps and cheers for them and their great checkup. With parental approval we celebrate their cavity free checkup with their picture on Facebook! Positive reinforcement for habits that will protect their smile for their lifetime.

Specialists in Care for Intellectually Disabled Children and Adults

We travel to residential facilities to provide care for these patients and welcome them to the Clinic where we have facilities and dentists with additional training in care for patients with disabilities.

Specialists in Early Childhood Oral Health Care

Our staff includes pediatric dentistry faculty from Virginia Commonwealth University's dental school. We have specially sized chairs and hand tools for our smallest patients.

Emergency Walk-In

PRDC welcomes patients with a dental emergency on a walk-in basis during normal business hours. **We are open on Fridays when many dental offices are closed.** We will gladly send records to your regular dentist should you come to PRDC for emergency care when your regular dental office is closed.
